

Announcement

BILK Logisztikai Nyrt. has signed a construction contract on the design and construction of the warehouse "J1" with 20,628.76 m² floor space. The indicated floor space does not include the 600 m² gallery level. The contractor shall start the work after the modified building permit becomes final. The warehouse will be built up until the end of the third quarter of 2019.

BILK Logisztikai Nyrt. has an option until 5 April, 2019 to have another warehouse ("J2") with 9823.54 m² floor space designed and constructed by the contractor.

Budapest, 29 November, 2018
